Comments: As a hiker and mountain biker I ask you to please not allow electric bikes on hiking trails. It is getting harder and harder to find peace and quiet in our forests as well as trails undamaged by bikes and or horses. There are so many places that they are already allowed that, as a biker, I do not feel the need to crowd trails more than they already are. Furthermore, electric bikes would present yet another danger to those on foot. Thank you for the opportunity to provide input.
