Comments: Avid Colorado mountain biker here.

I'm getting older, and my knees and hips hurt and will eventually keep me from riding certain trails...BUT THAT'S THE SPORT! Don't give e-bikes equal access as human powered bikes. They're NOT the same, and as technology increases...these things will take the place of motorbikes...I accept, that when my body can't do it anymore, I ride easier trails, or eventually don't ride. Other, younger riders will take over, and will have the leg power to enjoy the trails.
