Comments: As an avid hiker and mountain biker. I find the current eMTB use proposal by the USFS unacceptable. Washington is home to phenomenal outdoor opportunities. These should be embraced for all uses(hikers, bikers, horses and atv's) . There is room and opportunity for all, but they don't always play well together. Mixing hikers(and pedal bikers) with motorized vehicles, in essence makes them no longer safely usable for the former two. There is a place for eMTB's, but Let's do this right!
