First name: Gordy

Last name: Peifer

Organization:

Title:

Comments: Please allow ebikes on any and all mtb trails. As an avid biker since 1987 and having several surgeries on my knees an ebike affords the opportunity to continue biking. The health benefits to millions of Americans is at stake as ebikes grow exponentially in popularity. Please do the right thing and allow equal rights for every form of biking.

Sincerely,

Gordy Peifer
