Comments: Hello,

I DO NOT welcome Midas Gold Idaho into our state. and DO NOT support the Stibnite Gold Project. I hope you will take the time to consider my comments on why you SHOULD NOT move to permit the project.

Midas Gold is a foreign owned company from Canada. We do not need foreign companies coming into Idaho, raping and pillaging our environment and causing irreparable damage for decades.

Thank you for reviewing my comments. Again, I urge you DO NOT permit Midas Golds.

Have a good day
