Comments: As an avid mountain biker and equestrian, I use our local trails in Sisters, Oregon weekly. I also volunteer with our local trails group. I support allowing ebike access to these trails. I believe most ebike users will be courteous and follow trail etiquette rules. Allowing ebikes on to the trails will give more folks access that wouldn't normally have it. There will always be bad actors that don't follow the rules. We have those now. I don't think allowing ebikes will make it any more unsafe for me to be the on the trails.
