First name: Robert

Last name: Colpitts

Organization:

Title:

Comments: I have been a full time resident of Olympic Valley since 1990. I have also been a mountain biker rider that entire time. My riding has primarily been in and around the Lake Tahoe basin. This mountain biking has been a joy and central to my health and fitness.

I am now 70 years old. With age my ability to ride these trails with my grown children and grandchildren was decreasing as Gramps wasn't keeping up. At the encouragement of my oldest son I purchased an e1 mountain bike. It is the best thing I've purchased in years. I am once again able to experience the joy of riding our local trails.

I see no downside in my riding the trails on my e1 mountain bike. I treat all hikers, horse riders and bikers with respect. I do no damage to the trails nor the environment and, I finish each ride with a big smile. Thank you,
Robert Colpitts
