First name: Bret

Last name: Luick

Organization:

Title:

Comments: I ride motorcycles in the road and off-road , bicycles and ebikes, canoe, run a powerboat and sailboat, hike, hunt and I teach biology at a university. My allegiance is to self propelled outdoor enjoyment. Be extremely cautious about allowing motorized and non motorized mixing. Frankly, much angst and annoyance and damage happens in a moment when people get loose with power. I love riding with power, but not around people and not when trail damage results. In Alaska the scars seem to last forever.
