First name: Henry

Last name: Glenn

Organization: Gallatin Valley Back Country Horsemen

Title: President

Comments: I as well as Gallatin Valley Back Country Horsemen oppose E-Bikes on non-motorized trails. They have a motor and thus are welcome on all trails that allow motorized travel. This really is simple and would set a precedence for the future. It either has a motor or not if it does, then it does not belong on non-motorized trails. This has all the makings of a disaster mixing motorized bikes with elderly folks on a trail. Horses are scared to death of a bicycle I can only imagine one with a motor going even faster.

Henry Glenn

President
