First name: Nancy

Last name: McDonald

Organization: Northern Colorado BackCountry Horsemen

Title: Board & VP Assistant

Comments: E bikes by definition have a motor - an electric motor....they have no place on non motorized trails.

As a horseman and frequent trail user the last thing we need to encounter while riding or bringing a pack string along for trail maintenance is a motorized bike.

Please do not allow the introduction of Ebikes on any NF Trails.

Respectfully

Nancy McDonald
