Comments: I am in full support of e-bikes on all trails open to all types of bicycles. I own several bikes (Mountain, Road, Triathlon) and find myself more frequently wanting to take my e-mountain bike so that I can go for a longer period of time and enjoy my time in nature. They are also very beneficial as it allows people of all different fitness levels to ride together when they may otherwise not without the e-bike leveling of abilities. There are many trails locally that I've ridden with my mountain bike that I look forward to being able to take my e-bike on in the future. As a citizen and taxpayer I would prefer more access, not less to our public lands and allowing e-bikes accomplishes that desire. Thank you.
