Comments: I have hunted elk and deer by bicycle for over 35 years now. While I am still pedaling my own bike and not relying on an electric motor, I believe that EBIKES SHOULD BE ALLOWED ON TRAILS. Bicycles cause less erosion to the trail than horses and my hunting partner and I are also horsemen.

I DO NOT SUPPORT ebike or mountain bike use in areas designated as Wilderness, but DO SUPPORT THE USE OF EBIKES AND MOUNTAIN BIKES on other trails closed to motor vehicles.

I do however think this should be up to each state to decide.
