Comments: Please don't let this project go through. Idaho is incredible and unique because of its wildness, and pristine beauty. As a 20-year-old, I want a future with clean water, pristine lands, and diverse ecosystems. Not only will this project cause irreplicable damage to this ecosystem, and destroy native salmon populations. It will also destroy the spirit of Idaho. Please don't let short term greed and benefit destroy the future for younger generations. As a kayaker, backcountry pilot, and outdoor enthusiast, I hope to share my love for the outdoors and Idaho's pristine backcountry with future generations, and I would hate for it to be destroyed by mismanagement.
