Title:

Comments: I support opening non motorized public land trails to allow access by ebikes.

I do not support changes to wilderness areas that would allow ebike access.

I would support an annual fee to register the individual for any public land access. Said fee, or permit, could be a tiered system for various activities ea. hikers, horseback riders, snow shoe and cross country or alpine activities, and biking; it could allow access to a specific public land trail system, such as the Payette National Forest. The fee will be used to maintain trail systems by the Public Land Agency. I further support the fee to be valid no longer than the calendar year purchased and be geographically specific which would require an additional fee for the individual using a new designated area I.e. Salmon or Nez Perce National Forest.

IF YOU ARE GOING TO PLAY YOU GOTTA PAY. PUBLIC LANDS NEED BETTER MANAGEMENT AND IT REQUIRES FUNDS TO PROPERLY MANAGE.
