First name: Janet

Last name: Holmstrom

Organization: MITRALE

Title: Vice President

Comments: Hello, we are against Ebikes allowed on Non-motorized trails. They represent a great hazard safety to non motorized trail users. Ebikes can enjoy the motorized trails, as they have a MOTOR. We maintain over 500 miles of multiuser trails upon which they are more than welcome to enjoy. We also maintain apx 23 miles of non motorized trails. We would like to keep the trail non motorized, it is located on a National Forest.

Thank you
