First name: Bud

Last name: Wills

Organization: Pennsylvania equine Council

Title: Vice President State trail chair

Comments: I represent the equine users in Pennsylvania. We are opposed to and use of non-motorized trail by e-bikes. e-bikes have a motor and to allow them on our trails is against you mandate. They travel faster than the legal users and so the danger of injury is great. I ask you to not allow motorized use on non-motorized trail.
