First name: Sherryl

Last name: Gehrig

Organization:

Title:

Comments: Motorized bicycles do not belong on mountain trails or roads. I have almost been hit by bicyclists while standing by my garbage can at my home. I have lived in Oregon all my life and the quietness of its mountains are very precious to me. No more access to further use. Save our forests to be enjoyed by future generations. It's not always about tourism it's what is best for Oregonians!
