First name: Rena

Last name: Ames

Organization:

Title:

Comments: If this is passed, it will cause many horseback riders to have issues with their horses. Especially if it's a green horse to trail riding. They are horse trails for a reason. I am an avid trail walker and used to do the dirt bikes. I always made sure that I was on trails designed for dirt bikes. I didn't want to scare a horse or rider along the way. It can turn into a very dangerous situation in a hurry. Please do not allow electric bikes on equine trails..

Thank you

Rena Ames
