First name: Ginger

Last name: Summers

Organization:

Title:

Comments: Electric bikes should NOT be allowed on the same trails as horses and mules. Mountain bikes are dangerous enough. Do many irresponsible riders that just come silently up right behind a horse and spook them. Dangerous for an individual horse and rider... devastating for a pack train who may lose animals and riders off the edge of a cliff. Maybe think more about horse only trails that we don't have to share with off road motorcycles, mountain bikes, OR E bikes!
