Title:

Comments: This is a terrible idea. Equestrians are already increasingly limited on where we may park our trailers and spend a day riding with family and friends. Cyclists are able to ride anywhere. Literally anywhere. They do not need to bring a motorized vehicle on to the trail systems. It will ultimately endanger equestrians who are forced to share the trail. Please do not ruin the few places we have to enjoy our way of life and preserve the American tradition of horseback riding.
