First name: Susan

Last name: Adams

Organization:

Title:

Comments: We support trail access for Class 1 eMTBs and support shared use on trails as long as access is not lost or impeded for traditional mountain bikes. IMBA recommends Class 1 eMTBs be managed independently from traditional mountain bikes and we encourage land managers to develop separate regulations. Our local crew are IMBA members and as we develop trails in our gateway community it is critical to take into account older bikers and 1000 watt or less throttle less bikes.
