Do not consider this. A lot of trails are maintained by horse people. It seems we are losing more and more trails to non horse people who do not understand horses and how dangerous it is to come zooming up behind a horse on a bicycle.

Or to come barreling around a corner to come face to face with a pack string. I can't even imagine the destruction that would happen.

Please do not let our trails be opened to bicycles.

Keep us safe out there.
