Comments: Dear sir or madame,

I do not support e-bikes being on non-motorized trail as it is considered a safety hazard. There are many trails that can be used in order for owners of e-bikes to have an enjoyable day on the trails without creating hardships on other trails. As you've posted on your own site, over 60% of people do not support this idea and if this were to be voted on in an election, it would obviously be voted down. So the wisest decision would be to continue allowing e-bikes to use motorized trails as they have been doing so.
