Comments: As a person who spend a lot of time on Forrest and National park trails zi am not in favor of e bikes on our back country trails. I pack for the Natioal zpark and I have some experience with this. E BIKES are traveling faster than pack animals ir hikers. When they come up behind them it is usually a spooky thing.Bikes are usually quite so this SPOOKS pack stock which can be dangerous. I feel bikes should be on roads not trails E bikes or any bikes are not a traditional method of backcountry travel. Keep our trails safe. Thank you.
