Comments: I am AGAINST allowing e-bikes on any USFS or BLM trails. E-bikes have a motor, plain and simple. Mountain bikes have already ruined areas of the back country because of riders using game trails as bike trails. You wonder where all the elk went??? Too many people accessing areas that never had people, except for few hikers and horseback people. Now it's bikes everywhere. If you allow e- bikes this will only makes things worse for the wildlife and ecosystem as a whole.
