Comments: Please do not allow ebikes on our national forest trails. I fear the impact to the trails and expect environmental damage if ebikes are allowed. These bikes go fast and are quiet. Our horses are likely to bolt and injure themselves and us. the people here in Roanoke Va allow these bikes and my husband, myself and horses have already been almost run over by them. we go to the forest for peace and quiet, not to have fast vehicles speeding by. thank you for allowing us our input on this decision.
