Comments: Please do NOT allow e-bikes on non-motorized trails! As an equestrian, hiker, and cyclist, I adamantly oppose allowing e-bikes to join us on the trails. I also ride an e-bike and enjoy it tremendously, but do not believe they will be safe on trails with horses and hiking families. E-bikes travel MUCH faster than ordinary mountain bikes. Add their silence to their speed, and I can imagine this will be unsafe for hikers and equestrians. There are plenty of places E-bikes can be enjoyed. Please. No e-bikes!
