First name: Vivian

Last name: Fredricks

Organization:

Title:

Comments: As an equestrian who enjoys trail riding on our parks, it is becoming more and more difficult to find areas to ride that are off limits to motorized vehicles. It is dangerous to both horses and riders to enter any type of motorized vehicle into trails specifically for hiking and horseback trail riding. Please do not allow this to happen! We need to ensure the safety of our horses as we enjoy our parks and trails!
