Comments: I am writing to give my support of e-bikes on Forest Service trails and land. I am 61 years old and have had a traditional bike for the last 8 yrs. I switched to a e-bike 2 years ago so I could enjoy riding with my 3 sons who are avid Bike riders . I am unable to keep up with them on a non e-bike anymore so this is a life changer for me. It allows me to spend precious time with them in the beautiful outdoors. I also have horses that I ride in the mountains and understand the concerns that horse owners have. My horses with a little training have become used to the bikes and other surprises that they may face on the trail. I feel that if bikers are courteous to the horse riders and hikers we can all enjoy the forest trails. Please allow us all to use the trails. Thanks
