Comments: Please consider to allow class 1 eMTBs on select non-motorized trails while retaining a trail's non-motorized status, similar to the recent Department of Interior final rule. Class 1 eMTBs only assist the riders efforts and are limited in speed & power, so as not to tear up trails. Class 1 eMTBs allow older persons like myself and my handicap friend Darrel, to be able to ride with our younger family members and friends. Otherwise we are left out of this healthy outdoor sport. I do agree with prohibiting class 2 and class 3 eMTBs on natural surface, non-motorized trails. Thank you for allow us to express our comments and considering them, for our future trail management.
