First name: Mary

Last name: Lamar

Organization: Back Country Horsemen

Title: Chapter Secretary

Comments: Much of the beauty of the outdoors and trails lies in the quiet and slower pace. If ebikes of any class want to enjoy federal lands, that is fair and understandable. However, the potential speeds would be disruptive and possibly even dangerous to all other slower paced users, not to mention wildlife. I would hope that only newly designated areas completely apart from existing and popular trails be considered for ebike usage.
