Last name: Dickel

Organization:

Title:

Comments: I strongly oppose e-bikes on non motorized trails. I am a hiker and horseback rider. Reckless e-biking is dangerous to non motorized users. The noise from fast biking and the speed makes it impossible for them to see or hear me, even if I yell. It is near impossible for them to break in time or yield to me. Regular bicycles are already dangerous enough for other trail users. I had multiple dangerous near crashes when horseback riding on trails on public land with bicycles.

Additionally, the often reckless use of the bikes damages trails tremendously.

Do not allow bikes on non motorized trails. I am going there to enjoy nature, peacefully. Reckless speed is dangerous to me.
