Comments: Linda, Victoria, and To Whom It May Concern:

My name is Regan Byrd. I am writing to ask for an extension of the comment period to the full 120 days with regards to the major current events in our country. It is an election year making it very difficult for folks to fully engage in this information, the COVID-19 pandemic continues to affect our daily lives and communities, and the fact that the DEIS is a lengthy 5,000+ pages makes it impossible to digest in such a short time. This process is in place to allow the public time to read, research, and comment on concerns related to this proposal - of which there are many. Please allow this comment period to be the full 120 days so that I and other concerned individuals may take the time to ask the questions necessary for a full understanding of the environmental impacts of this project.

I look forward to a response and thank you in advance for extending the comment period.

Sincerely,

Regan Byrd
