First name: Daisy

Last name: Ixquiac

Organization:

Title:

Comments: Please save our rivers, wild life and vegetation and stop mining on the South Fork Salmon river. Our wild life is in danger and we must protect our forests. New roads will have to be built which threatens the natural habitat. The harmful metals mined will cause death to the small sized mammal animal population. The mining will damage vegetation and landscape. Please reject this project and keep our lands intact.
