Comments: Good Morning- I would like to voice my opposition to this project. I am a owner with my family of a cabin at Warm Lake. I have been going to the cabin since as long as I can remember. I live in Connecticut and my wife and I got married a few years ago at the Lake. Our children we with us and it was a beautiful time. I can not imagine what it would have been like with heavy trucks rumbling in the background with their Jake breaks operating coming down the summit. I am in construction and am all too familiar with the noise. I live close to a highway and I can not begin to tell you the disruption it makes. I go to Idaho to get away from the noise. It would be a detriment to the area to lose such beauty as quietness to make certain people wealthy. Please consider, when making the decision, the reason why people come to Warm Lake. Thank You
