I plead with you to please reconsider and decline the Stibnite Gold Project in Idaho. Please do not let these companies exploit our land to deepen their pockets. Idaho's vast beauty and wildlife would be subjected to irrevocable damages incurred for the sole purpose of gaining wealth.

As a native and local Idahoan, I ask that you please treat Idaho's land, wildlife, and resources as the priceless commodities they are. No amount of gold or wealth will compensate for the impact and toll this project will take on Idaho and its resources. It's time as humans to do better. Think longer term. Care less about our pocketbooks and more about our future and the future of those yet to come.

Thank you for your time and consideration.
