Comments: Hello,

A team of graduate student researchers and I are in the process of writing comments in regards to the Forest Service's South Revillagigedo Integrated Resource Project Draft Environmental Impact Statement. Our submission is part of a law class on environmental decision-making. We would like to request an extension on the submission date to ensure our comments are fully throughout and meaningful. Please allow us an additional thirty to sixty days to complete our comments and meaningfully participate in the decision making process.
