Comments: I'm writing to express opposition to the proposed Stibnite mine. As an avid hunter, angler, and outdoorsman who works in the outdoor industry, I cannot express how important it is to myself, fellow Idahoans and all Americans to preserve natural watersheds such as the South Fork of the Salmon. No financial gain from a mining operation is worth the cost of impacting the natural watershed and its inherent value to generations to come. I do not wish to see the stibnite mine in operation at any time and plan to fight for the preservation of the south fork moving forward.
