Comments: The Stibnite Gold Project is a win-win for Idaho. It will be a boost for the local economy while also helping repair the environment in an abandoned mining district. Midas Gold will use modern mining to create more than 500 direct long-term, family-wage jobs and improve water quality, reconnect salmon passage and correct many other legacy issues at the site. Additionally, the project will decrease U.S. reliance on China and Russia to provide out nations supply of antimony, one of 35 minerals deemed critical for national security and supply chain independence by the U.S. Department of Commerce. For these reasons, I support and urge approval of the Stibnite Gold Project. There is nothing I dislike about this project. It is not happening soon enough. I would surely like to be involved in direct employment. PC160
