Comments: Thank you for this opportunity to comment on this project. I have been involved in the mining sector for much of my carrier. Mining at the Revenue-Virginus mine will play an integral part in the local economy by providing high-paying jobs to the community workforce and a significant amount of tax revenue for the local jurisdictions. Being able to expand resources via acquisition of contiguous mining claims greatly enhances the life of the project and the related tax revenue far beyond the current mine life projections. I believe it would be in the best interest of the entire San Juan region to approve the acquisition of the leases noted in the request.

Best regards,

Charles R. "Buck" Andrews
