Comments: To whom it may concern,

My name is Daniel Parks and I am a local Juneau resident living near the Hecla Greens Creek Mine in southeast Alaska. I support the mines plans to expand so it can continue operations. Greens Creek mine has been a huge benefit to the local economy, providing many jobs to local area residents. They have been mining for about 30 years at Greens Creek and have proven to do so in an environmentally responsible way. I think this mine is a good example of responsible resource development. I support the mines expansion plans.

Thank you,

Daniel Parks
