Last name: Otto

Organization:

Title:

Comments: The Jeep trails are a part of Colorado history. By closing these trails you are shutting off access to many areas of the state to people who cannot otherwise see them. I.E. older people and disabled people. The excuse that there isn't enough funding is a poor excuse to shut down trails. There are plenty of non-profit organizations who are willing to maintain these trails. A good example is the Mile Hi Jeep Club.
