Title:

Comments: We are seriously alarmed by this proposed project. The public needs much more information and opportunity to ask questions and express reservations. The thought of so much logging up above our residence (on Poorman Creek Rd)--new roads, devastation (with little of no funding apparent for clean-up after the wreckage)--is seriously alarming to us and our friends and neighbors here. DO NOT PROCEED with this project until further information has been forthcoming.

Thank you,

Wayne and Linda Mendro
