Comments: I grew up going to Columbine every summer. We would take trips down the road to see the Bible Camp and it rarely had anyone there. I always thought it was sad to see a place not being used. The Bible Camp has such great potential. If allowed, it would be a perfect place for many youth groups to hold summer camps, etc. As a leader of a youth group currently, the Bible Camp would be a place I'd seriously consider holding a weeklong camp. It has the sleeping space, the ability to feed many people, places to gather, room for activities, etc. It would be great to see the Bible Camp live up to its potential and not be a ghost camp. Please allow the Bible Camp to stay and to be used as a wonderful place to build memories.
