Comments: I am in support of this project to build new access roads into the San Rafael Valley. First, I would like to thank the USFS for taking up this issue. For over 25 years I have enjoyed access to the San Rafael Valley as a sportsman and outdoors person. I was appalled when access was recently blocked because a small portion of the access road crossed private land. Access to public lands for recreation is a foundation of the American Republic and as a citizen and avid outdoorsman it is frustrating to watch our rights to access being denied for no legitimate reason. Thank you again for the efforts of the USFS to re-open these important public lands to tax paying citizens.
