Comments: Please keep docks and boats off the lake! Tourists can rent choppers and fly over if it recedes too much. I am really tired of our home being compromised and changed to accommodate tourists! Those of us that call Juneau home are stuck looking at your changes all year round. The wildlife is already moving back into the trails we use to get away from the tourist so us locals are needing to carry more Bear spray and interactions between bears and locals are increasing. Keep the tourist foot print as it is so the wildlife and Juneau residents can have at least a little space for ourselves to enjoy our home in the summer.
