Comments: As a resident of harris park I would like to see the harris park range closed. The trash is a concern as tons of it are removed every year. After the fires bullets are leaving the range making a dangerous situation for the residents and hikers in the area. As a shooter and hiker this range has become dangerous to the general public. I have had several near misses with slugs hitting trees around a foot away and on more than 1 time. As a result it would be best to close this range for the safety of visitors and the residents.
