Comments: Proposed changes to Mendenhall Glacier

To whom it may concern,

I'm writing regarding the proposed changes to the Mendenhall glacier visitors area and lake. I emphatically oppose the proposed changes to increase capacity and especially to increase boat traffic on Mendenhall lake. Rather than looking at ways to degrade the nature of the area, perhaps the forest service should consider implementing restrictions on the number of people allowed to visit. I understand that the glacier is a huge tourist attraction, but we shouldn't destroy that attraction by shortsighted improvements aimed at increasing the number of people.

Sincerely,

Bjorn Wolter
