Comments: Burning

I don't care if you burn at frady branch

The trails are so bad that I won't ride there any longer

Too bad USFS lost the RTP grant several years ago

And that USFS is not too interested in the trail knowledge that some groups volunteers have

Volunteers try and try but nothing ever moves forward

That place is the same it has been since it was flooded and the road washed out

Road was repaired

But not the trails

That could be a premiere trail riding destination

But it is not

Very disappointing
