Title:

Comments: In general the action plan seems reasonable. I think more attention should be provided to the area along CR77 to provide safe shooting location in that area.

The road constraints have me worried that the USFS would force people to drive away from the roads thus causing more damage to natural vegetation. We cannot expect people to walk 150 yards to get away from a roadway while carrying their firearms and ammunition.

"<1/4 mile from highly visible trails, and <150 yards from any National Forest System Trail (motorized or nonmotorized)-<150 yards from any National Forest System Road (ML1 or ML2)-<1/4 mile from any National Forest System Road (ML3, ML4, or ML5)"
